PROSPECTUS

OF THE

ACADEMICAL YEAR 1880-81.

LOCATION AND ACCESS.

ST. JOHN'S COLLEGE, founded in the year 1784, and endowed by the State of Maryland, is pleasantly situated at Annapolis, on the banks of the Severn River, a few miles from the Chesapeake Bay, which is in full view. Its buildings, three in number, are large and well-constructed for the accommodation of youth. Its grounds afford ample facilities for exercise, and the waters of the Severn for bathing and boating. The situation is eminently healthy.

Annapolis has railroad communications with Baltimore and Washington three times a day; daily steamboat communications with Baltimore, and telegraphic connection with all parts of the country.

COURSE OF STUDY.

The Preparatory Department of the College has two classes, entitled 1st and 2d, according to the grade of studies. Students of the 1st Preparatory Class, who pass a satisfactory examination, are qualified for admission into the Freshman Class of the College.

The Collegiate Department embraces three courses: 1st, the regular Academic Course, occupying four years, and pursued in the Freshman, Sophomore, Junior, and Senior classes, entitling the graduates of the Senior Class, who shall pass a satisfactory examination, to the degree of *Bachelor of Arts*. 2d, the Select Course, embracing studies in the different classes, according to the option of parents, and entitling the students, who shall complete the course and sustain a satisfactory examination in any special study, to the degree of *Proficient* in that study. 3d, the Post-Graduate Course, prescribed for students who aspire to the degree of *Master of Arts*, which is conferred only on such graduates of the regular Academic Course as shall pursue for two years, at the College or elsewhere, a course of study assigned by the Faculty, and who shall furnish satisfactory evidence of their

proficiency in said course, by submitting to the Faculty, at designated periods, such written theses as may be specifically required of each candidate for said degree. The degree of Master of Arts is not conferred *in course*, but only on the evidence of satisfactory attainments in advanced studies.

Vocal and Instrumental Music, Drawing and Painting, are taught at special charges, on terms arranged between students and the Professors of Music and Drawing.

TIME AND TERMS OF ADMISSION.

The regular examinations for admission into the College or the Preparatory Department, are held on the Monday and Tuesday preceding the first Wednesday of July, and on the third Wednesday and following Thursday of September in each year. All candidates for admission are required to be present on those days. Satisfactory evidence of good moral character must be furnished by each applicant, testimonials of former teachers being preferred, and if he comes from another College, he must present a certificate of honorable discharge.

Candidates for the degree of Bachelor of Arts, in order to obtain admission to the Freshman Class, must, unless they have passed through the regular course in the Preparatory Department, sustain an examination in the following studies :

English Grammar; U. S. History; Ancient and Modern Geography; Arithmetic; Algebra through Quadratic Equations; Hadley's, Goodwin's, or Kuhner's Greek Grammar; Greek Reader; Xenophon's Anabasis; Harkness's, Gildersleeve's, or Allen and Greenough's Latin Grammar; Cæsar's Commentaries, or some equivalent; Ovid; Virgil; Latin and Greek Composition.

Candidates for admission to any higher class must be examined in all the previous studies of the class they propose to enter.

Students pursuing a Select Course may enter any classes for which they are fitted, the number of their studies being subject to the direction of the Faculty.

Candidates for admission into the lowest class of the Preparatory Department must be well grounded in the elements of a Primary English education. They will be examined in Reading, Writing, Spelling, Arithmetic, Geography and English Grammar.

The course of study in the Classics and Mathematics, in the Preparatory and lower Collegiate Classes, has been arranged in accordance with the requirements of the examination for matriculation in the Johns Hopkins University.

Remarks on Studies.

No student will be permitted to discontinue any study, except at the close of a term, and then only at the *written* request of his parent or guardian.

Students who do not study Greek will be required to study French or German, and those who do not study either Latin or Greek, will be required to study both French and German. These languages will be commenced by such students in the First Preparatory Class. The studies of students of the Second Preparatory Class who do not study the Classics, will be so arranged that their time will be fully occupied. Students of the regular Academic Course are required to study either French or German during the Junior and Senior years, unless they shall have completed the three years' course in either language before reaching the Junior or Senior year.—For classical students below the Junior Class, the French and German languages are elective studies.

Students holding Senatorial Scholarships may hereafter substitute French and German for Greek, and in that case shall study the Senior Chemistry in the Junior year, and an additional course in Chemistry during the Senior year.

The study of the Differential and Integral Calculus will not hereafter be required in the case of those students whose time is otherwise fully occupied.

Apparatus for Gymnastic exercises has been erected, and regular hours of exercise assigned for each class. The use of the Gymnasium is granted on payment of a small fee.

Course of Instruction.

The Course of Instruction embraces the following departments:

- I. ANCIENT LANGUAGES—Including the Latin and Greek languages, Greek and Roman Antiquities and Mythology, and the History of Greek and Roman literature.

PRINCIPAL.

The studies of the several classes have been so arranged as to make instruction in the sciences a prominent part of the Collegiate course. Additions will from time to time be made to the philosophical apparatus, and every effort used to make the laboratory and cabinet as complete as possible. Contributions for illustration of any of the branches of this department will be thankfully received.

POST-GRADUATE COURSE.

The Post-Graduate Course of Studies, extending through two years, and pursued at the College or elsewhere, is assigned by the Faculty to candidates for the degree of Master of Arts.

Candidates for this degree are required to select at least two of the departments of study specified in this Catalogue (page 19,) and under the direction of the professors in these departments to pursue their studies for the two years of the Post-Graduate Course, submitting to them such essays, or undergoing such oral or written examinations, as may be required to test their qualifications for this degree.

EXAMINATIONS, REPORTS, CONDUCT.

Written examinations on the studies of the entire term are held at the close of each term. The marks for these examinations are combined with the marks for daily recitations, to make up the student's standing for the term. Any student whose examinations at the close of a year shall evince an incapacity on his part to pursue with advantage the studies of the class to which he belongs, will have offered to him on the first day of the next year an opportunity to retrieve his lost position, and in default of doing so, will be reduced to a lower class.

A student deficient in knowledge, or persistently neglectful of any study, is at any time liable to be reduced to a lower class in that study.

A merit roll is kept, and each recitation noted on the grade of from 0 to 5. In order to pass from a lower to a

higher class, each student must obtain an average of at least 2.5 each on his recitations and on his examinations for the Academic year. Demerits will be given for absence, and for violation of College regulations. Reports respecting conduct and scholarship, including all absences from College exercises, will be sent every two months to the parents or guardians of the students. Whenever any student of the Collegiate department has 100 demerits for any one term, or 150 for the year, or any student of the Preparatory Department has 125 demerits for any one term, or 200 for the year, he must leave the Institution.

Each student is required to obey all the laws of the College, so long as he shall remain a member of it; and whenever any student can no longer cheerfully comply with College rules, he will be required to leave the Institution.

All Students are required to be present promptly on the opening day of the session, and no student will be permitted to leave the College while College exercises are going on, except in cases of urgent necessity, and at the written request of his parent or guardian. The attention of parents and guardians is specially called to these regulations, and their co-operation earnestly requested. They are also solicited, on the occasion of holidays, not to detain students at home beyond the time allotted for suspension of College exercises. Students absent from any cause except protracted sickness, will be marked zero on all recitations made during their absence. When the cause of absence is satisfactory to the Faculty, they will be allowed to make up the omitted recitations.

The Library of the College consists of about 5,000 volumes, the use of which is permitted to the students under certain regulations. Through the liberality of the Legislature of 1872, and donations from the classes of '71, '72 and '73,

extensive additions have been made to the Library; and, by means of the regular Library fees, subscriptions have been made to a large number of American and foreign periodicals. A complete library being an indispensable auxiliary to the intellectual advancement of professors and students, the claims of the College Library are commended to the Alumni of the College, and to the friends of education in the State. Any contributions of books or funds for the Library will be gratefully acknowledged.

LITERARY SOCIETIES.

There are two Literary Societies (the Philokalian and the Philomathean) among the students, which afford opportunities for the cultivation of composition and debate. An oration is usually delivered before these Societies on the day preceding Commencement Day, by some gentleman selected by them.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

A Young Men's Christian Association is in active and successful operation, and has been productive of much good.

SOCIETY OF ALUMNI.

The Society of Alumni holds its annual meetings on Commencement Day, on which occasion an oration is delivered by one of its members. All former students who have completed their collegiate education at St. John's College, and left in good standing, are considered members of this Society. It numbers on its roll many names prominent in the history of the State.

PUBLIC WORSHIP.

The exercises of each day are opened with prayer in the College Hall.

All students are required to attend public worship on Sundays at such church as their parents or guardians may direct, and to abstain from whatever is inconsistent with a due observance of the Sabbath. The principles and duties of the Christian Religion will be constantly enforced in the teaching and in the discipline of the College, but no instruction whatever is given, or influence exerted, in the interest of any particular denomination of Christians.

STATE SCHOLARSHIP FOR BOARD AND TUITION.

The General Assembly of the State, (Acts of 1872, ch. 393, and 1878, ch. 315,) has provided for furnishing board, fuel, lights and washing to the incumbent of one State Scholarship from each Senatorial District in the State, to be appointed by the Board of School Commissioners, by and with the advice and consent of the Senators in their respective Districts, *after competitive examination*. The law requires that candidates shall produce before the Board of School Commissioners satisfactory evidence of their moral character, and of their inability, or the inability of their parents or guardians, to pay the regular College charges.— A blank form of certificate, drawn in conformity to the above law, will be forwarded to the Secretaries of the several School Boards, for the use of the appointees to the said scholarships. These Scholarships are tenable for four years, and the incumbents are required by law to pledge themselves that they will continue students of the College for the full term of four years, unless prevented by unavoidable necessity, and that they will teach School within the State for not less than two years after leaving College. To obtain a full Collegiate education, the object contemplated by the Act, candidates should be prepared to enter at least the Freshman Class of the College. The Boards of School Commissioners are *earnestly requested* to exercise great care in the selection of these students, and especially to appoint none deficient in preparation.

The incumbents of these scholarships will hereafter be required, besides paying the fees for Library, Gymnasium, and General Repairs (amounting to \$6.00 per term,) to provide their own text-books, and to pay into the treasury of the College, at the beginning of each term, the sum of twenty-five dollars, for room-rent and proportion of general expenses.

There will be sixteen vacancies in these Scholarships at the close of the present session, viz : one from each of the counties of Allegany, Calvert, Carroll, Dorchester, Frederick, Howard, Kent, Montgomery, St. Mary's, Somerset, Talbot, Washington, Wicomico, Worcester, and from the First and Second Legislative Districts of Baltimore City.

In filling these vacancies, the Boards of School Commissioners are requested, other things being equal, to appoint those candidates who are not less than sixteen years of age and

are most advanced in their studies. It is desired that all applicants hereafter should be prepared, in *at least* Mathematics and English studies, to enter the Freshman Class of the College.

 The Secretaries of the several School Boards are requested to communicate to the Principal of the College the names of those former incumbents of these Scholarships who are now, or may hereafter be, employed in teaching in their respective counties, or in the city of Baltimore.

TO THE PEOPLE OF MARYLAND.

The Visitors and Governors of St. John's College now make a brief but earnest appeal to the citizens of the commonwealth. It has been decided to carry forward the Institution on its former basis, with a view to a thorough and satisfactory reorganization at the close of the coming year. In the meantime we warmly commend it to the patronage of the people under its present management. The new Principal, the Rev. Dr. Leavitt, is known to the country by his various writings, also as Editor of the "American Church Review," as founder of the "International Review," and as President of Lehigh University. He brings to his work ripe experience as well as extensive reputation, and under his leadership we believe our College is entering on a more vigorous existence. We wish it to live in the confidence and the sympathies of the people of Maryland, and ask them to send their sons to be educated in our venerable institution, so closely linked with the history of the State. On our part we pledge ourselves that every thing possible shall be done for their educational discipline. Especially we invoke our Alumni and the friends of the College to exert themselves in adding to the number of its students during the coming year, and by every suitable method to extend and perpetuate its influence.

Catalogues (ready by August 1st,) can be had by addressing postal card to the Rev. Dr. LEAVITT, St. John's College, Annapolis, Maryland.
